www.frutas-hortalizas.com

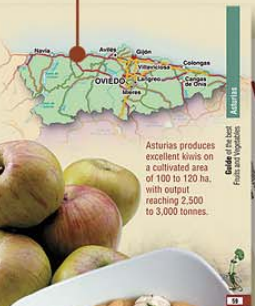
Introduction:

This guide contains a range of directories for finding information: a geographical directory (page 16), a fruit and vegetable subject directory (page 196), and a company directory (page 218). The contents of these directories are shown below.

Map:

Map of the Autonomous Community.

The major towns are shown along with the regions which produce the products in the guide.



Asturias produces excellent kiwis on a cultivated area of 100 to 120 ha. with output reaching 2,500 to 3,000 tonnes.

Company Directory:

Information on the companies listed in the Guide and the pages showing the products.

Pages:

Page numbers with relevant information: brand, producer, origin, variety, etc.

Subject Directory:

This directory contains all the usual fruit and vegetables we find on sale.
